Bring beautiful birds to your backyard!

Support the Augusta Bird Club's 27th

Bird Seed Sale

The proceeds from your purchase will send young people to Nature Camp and benefit other education and conservation projects in the Shenandoah Valley.

The Augusta Bird Club's annual bird seed sale uses a convenient pre-ordering system. Submit your completed order form with payment to be received by Thursday, October 6, then come to the Augusta County Government Center between 8:30 a.m. and 12 noon on Saturday, October 15 to pick up your seed.

Questions, or to order by phone or for last-minute orders:

Call Grant Simmons at 540-337-0471 (home) or 540-448-5393 (cell). Or email us at ABCSeedSale@gmail.com.

- **NEW! Super premium Songbird Medley** has no millet – only black oil sunflower, split peanuts, sunflower chips, and striped sunflower. If you don't get a lot of sparrows at your feeders, but lots of cardinals and chickadees, this is for you!
- **NEW! Shell Free Medley** means very little mess in your yard. Great for feeders stationed near house, deck, porch, and flower beds. And the birds love it! Attracts chickadees, nuthatches, cardinals, and even woodpeckers. Contains sunflower chips, split peanuts, and hulled millet.
- **Classic Augusta Premium Mix** was formulated specifically to attract resident and winter birds in this area. This is a choice blend of premium black oil sunflower, peanut splits, and white millet, with a bit of cracked corn, which Mourning Doves seem to appreciate. Improved mix with no red millet attracts cardinals, sparrows, chickadees, titmice, and even some woodpeckers.
- **Premium Sunflower Hearts** are a "no mess, no waste" alternative to in-the-shell sunflower seeds. Great for patio and porch feeders.
- **Peanut Splits** are a special treat for woodpeckers, chickadees, titmice, wrens, and nuthatches. No waste, no mess, so these are excellent for porch and patio feeders as well.
- **Nyjer** seed is great for attracting beautiful goldfinches.
- **Premium Black Oil Sunflower Seed**, which is of a higher grade than what is generally available in local stores, contains virtually no chaff, is great for attracting cardinals, chickadees, titmice, and winter visitors like Evening Grosbeaks and Purple Finches when they are in the area. This seed has a thinner shell, is meatier, and has higher oil content than the striped variety, so it's better for birds.
- **Safflower Seed** appeals especially to Northern Cardinals, and is said to be less attractive to squirrels.
- High quality **12-ounce Suet Cakes** from Pine Tree Farms come in boxes of 12 and are favored by many birds including wrens, nuthatches, titmice, and a variety of woodpeckers. Real beef suet is enhanced with other nutritious ingredients.
- **Squirrel Buster™ Standard, Classic & Plus** are revolutionary squirrel-proof bird feeders which hold 0.75, 1.4, and 3 quarts seed, respectively. Excellent quality, and prices are significantly better than online vendors. Note that the "standard" size would be considered small by most of us; "classic" is medium-sized; "plus" is big!
